

EDUCATING OURSELVES AGAINST RACISM

Everyone, please continue to attend these meetings - however, white students need to remember that, as James Weldon Johnson said, "...the main difficulty of the race question does not lie so much in the actual condition of the blacks as it does in the mental attitudes of the whites." Therefore, the focus will continue to be on educating white students against their own societally learned racism.

Thanks to everyone who attended last week's meeting. Please continue to challenge yourself and others! Questions? [redacted] X2288 or [redacted] X2464
